

# THANK YOU

---

Dear Nikolas and team,

It was a great pleasure to hold the first ever World Table Tennis (WTT) Youth Contender in Havirov, Czech Republic.

Despite the challenging circumstance, WTT Youth Contender Havirov 2021 delivered and showcased to the world your ability to hold events and sets the bar for others to follow. All the tables covered with live scoring entered by the Umpire is an incredible and impressive accomplishment.

This would not have been possible without the dedication, trust and support from you, your team and the city of Havirov working together in partnership with WTT. The hard work and sacrifice by every individual to make the event possible is deeply appreciated.

Your unwavering support has provided us with the confidence and determination that will continue to propel table tennis upwards.

This is just the beginning, and we look forward to continuing this journey with you, bringing many more unforgettable table tennis events to Czech Republic.

Thank you.
